Subject to the regulatory provisions as set forth in this chapter, a sale, as hereinafter defined, in an R zone property may be conducted once every twelve months for two consecutive days. Such sale shall be by the person residing on such property.

For the purpose of this section "sale" shall mean a house, garage or lawn sale of goods, merchandise and equipment owned by the resident and confined to the lot or parcel of property upon which structure the person conducting their sale resides.

A license issued by the City Clerk shall be obtained by such resident before selling or offering to sell any goods, merchandise or equipment. The application shall be in a form and content as the City Clerk deems advisable.

The provisions of this section are intended to augment and be in addition to the license provisions of this chapter.

A house, garage or lawn sale license shall not be issued on the same lot or parcel more than once in a twelve month period for two consecutive days. However, one additional house, garage or lawn sale license may be issued on the same lot or parcel during the same twelve month period for a maximum of two consecutive days if it is for the sole purpose of an "estate sale." An estate sale is defined as a sale conducted to sell goods, merchandise and equipment of the property's deceased resident. The deceased person must be a principal resident of the property and a death certificate is required to obtain the license to conduct the sale.

Churches as defined in Chapter 44 of the Paramount Municipal Code, may be permitted to have a house, garden, or lawn sale license on the same lot or parcel not more than twice in a twelve month period for two consecutive days.

A change in the occupancy or residence shall not operate to cause a license to be issued more frequently than previously stated.
